

## Additional Measures Since Covid

We take the health and welfare of our customers very seriously and want to reassure you that we have taken several appropriate steps to keep you safe.

We are already a small site with only 6 bookable tents at the weekend, they are spaced out between 10- 70 meters so it won't feel crowded even on a bank holiday.

We will be allowing a rest period of 72 hours to each of our tents in between guests, we believe our approach is quite unique & this will remain until we are confident that we have an alternative measure.

When you arrive in the car park, there is parking for up to 15 cars, please park with plenty of space between you and the next car.

At the wooden gate by the notice board press the bell and we will come to greet you and show you to your tent and the facilities at a social distance of course.

We have been monitoring closely advice given to the hospitality industry and can confirm that our deep cleaning products have BS EN 1276 Certification which means we are using the highest industry recognised products.

We have added alcohol gel near the entrance, and we will spray the gates with disinfectant throughout the duration of your stay.

Showers will be pre booked times and we would encourage members of the same group to use the same shower cubical in sequence (not at the same time! unless you really want to). There will be a 15 minute break between use of separate parties showering to allow for a deep clean with BS EN 1276 products , Anti Bacterial cleaner & disinfectant .

Outside the toilet & Shower block we have set up a sanitation station, this includes paper towels, bottles of disinfectant spray & alcohol gels. We would request that you wipe the high touch points like door handles , taps, loo flush, with paper towels & disinfectant.

On the day of your departure we would ask that you strip the bed and pillows and place in the laundry bags which will be available from the shower area on the day, Please drop them off when you leave.

Social distancing will be practiced by our team and we expect all glampers to be respectful of others during you stay. The paths are wide and the tents spaced out to enable you to stick to this. If you fail to observe social distancing you may be asked to leave without a refund.

We are very committed to the health well being of our guests, if you would like to see any of our Covid Risk Assessments, Staff Training Plans feel free to get in touch us.

Kind regards

Sarah & Danny
